

Mahmoud Zanoun

Frontend Developer

mahmoudzanoun35@yahoo.com | +201064349707 | Cairo, Egypt | Portfolio | LinkedIn | GitHub

PROFILE

I'm a Frontend Developer with 3+ years of production experience building scalable web applications using React and Next.js. I leverage AI tools to enhance productivity and streamline development workflows.

PROJECTS

- Adepti** , (React.js, MUI, Redux, React query) 05/2023 – 06/2025
- Led Frontend development of enterprise talent management platform
 - Built complex filtering, search, and matching algorithms for talent discovery
 - Implemented bilingual interface (English/Dutch) with dynamic content management
- Taheiya** , (Next.js, Tailwind CSS, Zustand, React query) 11/2024 – 05/2025
- Led development of secure B2B marketplace connecting SMBs with certified accountants
 - Developed real-time communication features for seamless client-accountant interaction
 - Delivered bilingual platform (English/Arabic) with full RTL support
- Science Toonz** , (React.js, MUI, Jotai, RTQuery) 07/2024 – 01/2026
- Led Frontend development of interactive educational platform
 - Integrated OpenRouter AI to receive intelligent, context-aware responses
 - Implemented content management system for educators to structure learning materials
- Chatting App** , (Next.js 16, TypeScript, Socket.IO, PostgreSQL, Prisma) 05/2026 – 06/2026
- Built real-time messaging platform with WebSocket communication
 - Implemented JWT authentication and Google OAuth with HttpOnly cookies
 - Developed features: typing indicators, online presence, unread badges, and infinite scroll chat history

WORK EXPERIENCE
